

OMNI 5''

Dodecahedral sound source

The OMNI 5" sound source has been designed to operate continuously for several hours at full power. Compact and robust, the source provides uniform sound radiation.

The OMNI 5" is composed by 12 high-quality speakers properly designed for the building acoustics applications. The OMNI 5" is powered by the lightweight and portable AMG Mini power amplifier, which includes a pink and white noise generator with an equalized output signal.

When used with the power amplifier AMG Mini, the high sound power level ensures accurate measurements also in case of high insulation partitions and in large rooms.
